

CAN COLLECTION

Hello friends and family of Mrs. Armintor's Kindergarten class!
We are your student interns for this semester and are starting a two week recycling initiative in the classroom!

When: Tuesday February 27th through Friday March 9th.

What: Please send any aluminum cans with your student

For example: La Croix, Soft Drinks, Canned Soup, etc.

Why: We want to have the students learn more about the process of recycling, and learning how we can conserve natural resources. The cans will be collected and taken to a local recycling plant where they will be properly disposed of.

Thank you in advance for your help and participation!

Kayla and Natasha
