To all Parents:

Vision and Hearing screenings will be given on October 21 & 22 for students in grades PPCD, Pre-K, Kindergarten and new students to AISD. Some students may be screened due to previous referrals. If a student does not pass the hearing screening, the school health team will re-screen in 2-3 weeks. At that time the parent will be notified if the child fails the hearing screening. Vision and hearing screenings are a service of the Austin Independent School District and are conducted annually throughout the school year. Only parents of students who fail the vision and/or hearing screening will receive notification letters by mail.

IMPORTANT:

Please remind your child(ren) to wear, or bring, their glasses to school. They will wear their glasses while being screened.
