The World's Smartest Thermometer

## Congratulations

Your school has been selected by Kinsa for the FLUency™ Program!

Receive a Free Kinsa Smart Thermometer

Download the FREE Kinsa App and join your school group, and we'll send you our \$30 thermometer - free of charge!

# Introducing Kinsa

The World's Smartest Thermometer

With the FLUency program, Kinsa is offering your entire school FREE award-winning Smart Thermometers (a \$30 value) so you can track temperature and symptoms, know what's going around and reduce costly sick days.

## How to Get your FREE Thermometer

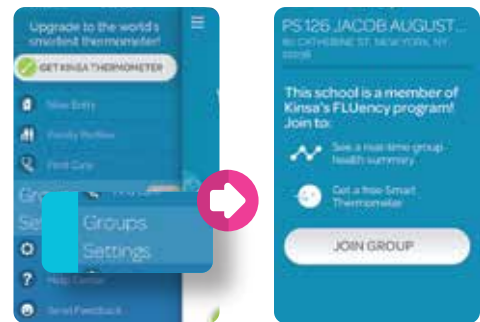

In the exclusive FLUency program, parents have a simple but important role in keeping your school healthy this flu season:

**1** Download the **FREE** Kinsa app.   

**2** **Set up the app**- Launch the app and follow the prompts. Select "No" when asked if you have a thermometer. Don't worry - we'll send you yours!

**3** **Find your school** - From the home screen, go to "Group Settings" and tap "Find." Search for your school and follow the simple on-screen steps to join.

**4** We'll send you your FREE Kinsa Smart Thermometer, a \$30 value, in the mail!

How the Kinsa Smart Thermometer works:

- Take simple, accurate 10 second oral or under arm readings.
- Monitor symptoms and medications for each family member.
- Keep a record of your illness for you and your doctor.

Kinsa keeps schools healthy by:

Tracking temperature and symptoms for easier diagnosis and treatment.

Mapping aggregated health data so everyone knows what's going around.

Reducing costly sick days through early detection and increased awareness.

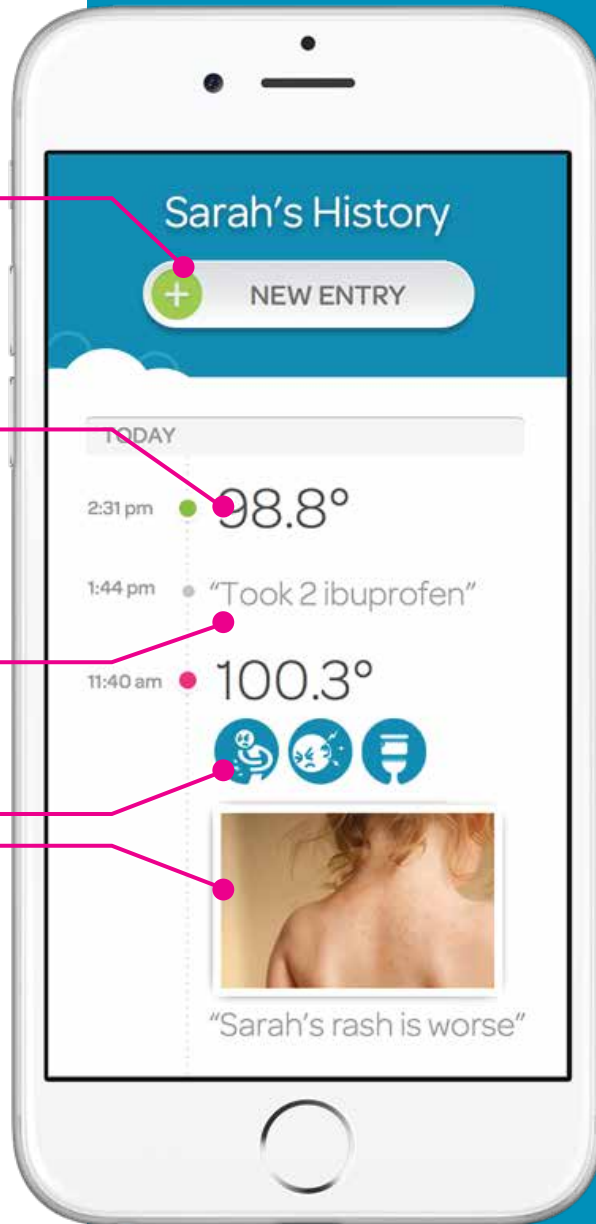

# Plug into your Health with the Kinsa Smart Thermometer and App

Create unique profiles for each member of your family

Take accurate temperature readings in around 10 seconds

Track medication dosages and timing

Easily record symptoms through icons and photos
