Sunshine Afterschool is an afterschool program that will teach youth life skills, outdoor education and STEM (science, technology, engineering and Math). Students are invited to participate in the program for 3 years (6<sup>th</sup>-8<sup>th</sup> grade). The goal of the program is to engage youth in education outside of school to better prepare them for the rigorous academics of high school. Sunshine Afterschool staff will teach youth the life skills that will prepare them to make smart choices and encourage them to "do the right thing." The program meets 5 days per week between 3:30 and 6:30 pm and on 11 school holidays through the academic year. In the fall of 2015, the program will take place our newly remodeled facility in the heart of Zilker Park (we will provide transportation). **Please initial and agree to the following in order for your child to participate.**

\_\_\_\_ I agree that my student may participate in the Sunshine Afterschool Program and will be available to attend the program at least three days each week, including one STEM day, and on five school holidays in the 2015-2016 school year.

\_\_\_\_ I will be available to pick up my student from the program at one of the designated pick up points each day. (If parents are not available for pick up, parental permission may be given to allow child to walk home from bus stops, please speak with the program director if this is the case.)

\_\_\_\_ I understand that if my student is unable to attend the program regularly or we move and my student no longer attends Fulmore or Martin Middle School that he/she may no longer participate in the program.

\_\_\_\_ I approve of Austin Sunshine Camps using Facebook or email to communicate with my student regarding the Sunshine Afterschool program and its events.
